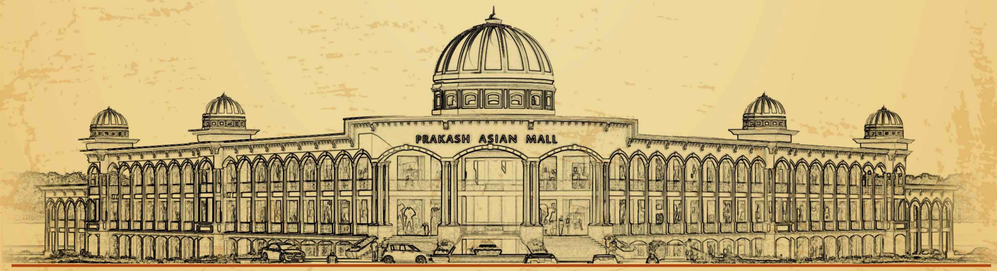
PRAKASH ASIAN MALL

FORT ROAD, GULBARGA

(Just a stone throw away from Kirana Bazar & Cloth Bazar)

Experience the Heritage!



A Joint Development Venture Between the Tiwari Family & Asian Builders

About Us:

Celebrating the grandeur of Gulbarga's heritage monument – The Gulbarga Fort—almost a stone's throw away from it stood the popular Prakash Talkies for 75 long years as the flagship of the Tiwari family. This ancestral property in the heart of Gulbarga city has always been a prestigious and well known landmark in Hyderabad- Karnataka vicinity.The road leading to the mall is named after the Tiwari family, namely 'Hiralal Tiwari Marg'. Vinod Tiwari and Late Prakash Tiwari along with their families are now co-proprietors of Prakash Asian Mall. Honoring this historic connection, the Prakash Asian Mall captures the essence of history in its structure without compromising on its modern state-of-art infrastructure.

About Gulbarga:

Gulbarga is known as the educational & political capital of Karnataka. It has been nominated as one of the cities to be developed into "The Smart City Initiative" taken up the Union Government. It is a known fact that Gulbarga is one of the fastest growing cities in the state. Many of the software Giants are planning to invest in Gulbarga in their year-2020 plan as it is a educational nerve center with its 2 prestigious universities under which there are numerous medical and engineering colleges. Home to the biggest E.S.I hospital and medical township in India, having its own High Court and Vidhana Soudha, Gulbarga is just a step away from becoming a metropolitan city. This has already influenced the real estate market resulting in exponential growth. With the advent of the e-commerce boom (Flipkart, Amazon,etc.), larger format retailers are looking at making major imprints in tier 2 cities, for which we believe Gulbarga would be at the fore-front.

About the Builders:

Established in 2003, Asian Builders are recognized throughout Gulbarga for their passionate and excellent creations. Asian Builders stand tall among the Gulbarga builders with more than 10 successful projects, covering over 1 million sq.ft, which includes commercial, residential projects and a mall. Asian Builders have created a distinctive mark on the skyline of Gulbarga with their landmark developments which bear their characteristic hallmarks- technical excellence, impeccable quality, spacious accommodation and completion on schedule. Standing on approximately 95,000 sq.ft of land, Prakash Asian Mall is the biggest and the grandest of their projects.
